Report for September 2018

Provider Day

Provider Day held at Moravia Park Elementary School on September 15th was very successful. Thank you to MSCCA, Becker's School Supply and the Judy Center Staff. 32 people attend from center-based and family day care homes. I spoke about not only CSEEC but Maryland EXCELS, Backpack Steam group and opportunities provided by MSDE. Chris Peusch attended and presented the benefits of MSCCA membership. Sherry Tsigounis, Regional Director, represented the Baltimore City, Office of Child Care. A one-hour workshop on challenging behaviors was taught by the University of Maryland mental health consulting team along with a make-and-take.

I will be reaching out to the other Judy Centers in Baltimore City to explore the possibility of city-wide provider days.

Membership

We are in the process of renewing our membership certificates to current members. We have gained several new members and even a few people that want to be involved in a leadership position.

Next Meeting

October 17 at A World of Friends School, 4701 Hazelwood Ave. @ 7pm. We are hoping to have Renee attend to give the ABCs of Subsidy. This will also be used as a planning session for the school year.

I will be heading a Baltimore City team to develop a Ceremonial Request from our Mayor. I will be reaching out to the childcare leaders in Baltimore City to assist with this process.

Meeting Schedule

October 17th

November 14th

Dec. 19th
