

Brief Minutes from the MCCMSCCA Meeting – 10-25-18
(Montgomery County Chapter of the Maryland State Child Care Association)

- I. Present: Suzanne Funk, Shaun Rose, Astrid Crookshank, Jennifer Chandler, Charis Sharp and Bernadine Occhiuzzo
- II. Small Cell Tower Regs: Proposal of the cell tower changed for 300ft to 30 ft. from any structure, could be a setback for childcare program. Write something about this to err on the side of caution. Not enough support to take a formal position, but will send email to alert members.
- III. Subsidy: Increase in state subsidy & eligibility levels. County pushing families off WPA and onto State Subsidy. Families will need to reapply and requirements are different. Unsure of what County will do with freed up WPA funds. Should be supplementing the State in both amount and income levels. Will include this issue in the email alert to members.
- IV. Next meeting is a social “meet and greet” on Thurs, 11/29 at Grillmarx in Clarksburg.
