

Maryland's Infant and Early Childhood Mental Health (IECMH) Consultation Project is Open!

We are working to help child care programs and families cope with all the changes brought about by the COVID -19 Pandemic. IECMH services are currently being provided remotely.

Call and learn more about support for child care providers!

COVID-19 Resources:

The University of Maryland, Parent, Infant and Early Childhood (PIEC) Team

Our Partner, the PIEC Team at the University of Maryland's School of Social Work's Institute for Innovation and Implementation has reached out with messages of support during this unprecedented time. While schools and child care programs remain closed and parents are feeling increased stress, the PIEC Team will be posting weekly videos with relevant resources.
