Huber	Rebecca	huberr@verizon.net	1	1	10:15:11 AM EDT	Going back to the previous presentation, when I enter earlychildhood.msde@maryland.gov it opens to www.maryland.gov. Is there another step to get to the early childhood page? Huber	Rebecca	huberr@verizon.net	2	1	11:02:21 AM EDT	The photo is not what CDC guidelines would allow. Children will not be allowed to interact with each other and adults, toys and materials will not be allowed, not being able to leave the classroom and playgrounds...is not teaching and nurturing student growth and development. Teachers are concerned that this will create more harm emotionally and socially.		
Huber	Rebecca	huberr@verizon.net	3	1	11:26:28 AM EDT	After presenting eLearning since March, it is also a struggle to connect with children and keep them engaged. It seems to be developing a larger disparity gap.		
Huber	Rebecca	huberr@verizon.net	4	1	11:29:06 AM EDT	Thank you for the link for listening sessions. If there could be clarification for earlychildhood.msde@maryland.gov link.

Jost	Tracy	tracyjost@comcast.net	1	1	10:06:20 AM EDT	Is there any indication of when we will enter Phase 2 and lift the 10 person cap? MFN's survey shows 50% of child care is at risk of closing.		
Jost	Tracy	tracyjost@comcast.net	2	1	10:16:26 AM EDT	We are beginning to turn families away due to the cap. Parents are not happy. Who can they contact with their concerns on capacity?		
Jost	Tracy	tracyjost@comcast.net	3	1	10:21:42 AM EDT			

Laor	Liran	liranlaor@hotmail.com	1	10:31:28 AM EDT	What is the reason dividers are accepted only in centers that were previously licensed in that way? Programs need to change their physical space to maintain the 10 people regulation and need flexibility to put temporary barriers.

Muhammad	Charlene	charlene.muhammad@montgomerycountymd.gov	1	11:27:18 AM EDT	Supports for parents to understand the core competencies that young children need to learn instead of "home learning" activities. Pyramid model framework for parents.	
Myers	Beth	myersb@seiu500.org	1	11:21:34 AM EDT	We are facing more than one crisis at this time. Recognizing the moment we are living in right now, it's important to talk about racism. Racism causes trauma and stress that greatly impacts maternal and child health. How is MSDE supporting child care providers to support children in dealing with the traumas caused by racism? What resources are there for Child Care providers who want to have healthy conversations about racism?

Peusch	Christina	info@mscca.org	1	10:06:25 AM EDT	Hello Maryland State Child Care Association- Christina Peusch	
Peusch	Christina	info@mscca.org	2	10:31:12 AM EDT	MSDE-Office of Child Care Steven and Dr. Williamson both stated the Office of Child Care Advisory Council would be the entity for the overview of the Maryland child care recovery plan-what has happened to that formal decision? The stakeholder group was put together very quickly to address the issues surrounding where is recovery plan- we worked with a very informal group and this plan never went to the OCC Advisory Council as we thought - but was approved a s draft by Governor. Then the stakeholder workgroup was asked to form a subcommittee and plan by MSDE OCC to continue to review the working draft to submit to the OCC Advisory council as we assumed that was going to occ advisory council- please advise - we would like a formal process
